MSB McHENRY SAVINGS BANK
Committed To Customer & Community™

Business eBanking at a Glance

- *Using the Customer Service Tab and website access you can:*
  - change your user ID or password;
  - update and change your address, phone number, or email address;
  - customize your accounts;
  - manage your mobile banking and security settings and alerts; *and*
  - stop checks or order checks online.

- *Under the Pay and Transfer Tab you can:*
  - set up and initiate Bill Pay by payee account number;
  - stop/cancel/change payment and/or pay date until item is being processed;
  - stop payment of any check written or range of missing checks that have not yet cleared;
  - set own number range for electronic checks sent within Bill Pay;
  - set reminders, alerts, recurring transactions for Bill Pay, eBills and autopay (for eBills only); *and*
  - add and create categories for payees and MSB account transactions;
  - build notices and alerts on Bill Pay tied to eBanking.

The Business/Commercial eBanking product offers all the same features as the Personal/Consumer product as listed above. ***PLUS,*** Business/Commercial customers can:

- manage and set up company user controls;
- establish and oversee approval processes;
- create dashboard panels to better manage calendars, payees and bills;
- process regular ACH payments *(agreement required)*;
- manage and automate payroll *(agreement required)*;
- transfer funds
- pay loan payments
- link accounts to Quickbooks and/or Quicken; *and*
- generate reports to understand cash flows, expense & revenue sources.
